

Daycare – September 2021 Newsletter

Dear Parents,

A warm welcome to our returning and new families to our classroom community. We hope you had a great summer, and we look forward to an exciting and wonderful year.

When school starts, there seems to be an expectation of fresh beginnings for everyone in the family. There are new schedules, new environment, new and renewed friendships. Therefore, we have taken the opportunity to enclose a few reminders of the classroom and school procedures.

New children only! For many children school is their first experience in a group situation. Therefore, the new children have been scheduled to start with a shorter day. This allows for individual attention during their process of adaptation to the new environment and the classroom community. At first your child will attend class for 2 hours. The second day your child will stay until 12:30 pm and will have lunch at school. We will try to have our new children for the full day session on the third day, unless there are other recommendations from the teachers related to your child's adjustment in previous days. Please make sure that we have your cell phone number so that we can reach you if needed. It will help your child to adjust to the school routine easier and without any separation anxiety. Once she/he is ready to attend a full day class, please keep in mind that the classroom doors open at 8:00 am. It is important that you allow your child plenty of time to get ready for school so that she/he can feel calm on arrival. To ease the transition and support your child's independence, please respect our policy of keeping your goodbyes brief and sweet, outside the classroom, and reassure your child of your return.

Stay home when sick!!!!

Parents and caregivers must assess their children daily for symptoms before sending them to school. All children with common cold, influenza, Covid-19 or other infectious diseases symptoms (even minor ones) must stay home until symptoms have resolved or have been assessed by a health care practitioner to exclude any infectious diseases and confirm that it is safe for the child to return to school.

If children develop symptoms while in school, one of the teachers will contact the parent/ caregiver to pick them up right away.

Please send all of the below items (school clothing, emergency kit and for nap time) with your child on the first day.

School clothing Children should wear comfortable and appropriate clothing. To foster independence please make sure that the clothes and shoes are easy to manage by herself/himself. Please put your child's name on all items of clothing to avoid confusion.
