

## Newsletter December 2022

Dear Parents:

Season's greetings to everyone! It is hard to believe that we are coming to the end of another year. We are very thankful for the support, trust and understanding shown by our parents during the year. We were able to navigate through the challenges with your help. Amidst all these we saw a continuous growth in our children.

We would also like to thank all the parents who took the time to observe the classroom at work and attend the parent/teacher conferences. The purpose of all this was to help your child better. We value your suggestions and feedback.

December is already here, and we are looking forward to a great month filled with lots of exciting activities. Our theme this month will be winter and Christmas. We will be talking about this festive season, decorating our Christmas tree and the classroom, singing lots of songs and doing art projects related to the theme.

### **A very important request.**

**It is the flu season!!**

**We notice that the flu viruses are spreading fast, and the children are falling sick all the time. Unfortunately, main reason for this is parents sending their children to school while being sick. We know that parents have busy schedules, and it is not easy to take time off work. But make your child a priority and keep him/ her at home when sick. Please do not give medicine and send them to school. Also, a sick child needs time to recover and they should not be at school, the very next day. When this happens, the child is bound to get sick again and spread the virus.**

**If your child has a bad cold, cough or fever please keep him/her at home. If they come to school sick, we will call the parents to come and pick your child.**

## **Special Events**
