

Newsletter May 2023

Dear Parents,

April was a busy month that went by so fast. We had a great time filled with education and fun. It is amazing to see how our children have grown over the years in all areas. Their progress is our reward!

MAY CALENDAR

Mother's Day.

We are planning some special activities for Mother's Day and will share this with you through social media. Children are busy making a special craft for their moms.

Victoria Day – Monday, 22nd May - No School.

We will not be having our professional day on Monday, 8th May. This will be a regular school day for all children.

TOPIC OF THE MONTH

After a long wait spring is finally here. Days are getting warmer and trees are beginning to bloom. We also see the birds coming out one by one looking for food and soon they will start nesting. We also hear them chirping their songs. This is a great time to study birds. We will be talking about their characteristics, how they differ from other animals and the different birds found in Canada. We will also learn about the life cycle and parts of a bird. We encourage parents to send books relating to this theme to share with the class.

Happy Birthday to:

Max, Neil, Agam in Class #1 and
Crystal, Sansa, Michael in Class #2

Sincerely,

Class #1: Ms.Shvetha, Ms.Michelle, Ms.Sumandeep
Class #2: Ms.Ambreen, Ms.Simrat.
