

## Newsletter May 2023

### May

In May, we will prepare the Mother's Day celebration. We will read stories, sing songs and make crafts together. This month's topic is insects and bugs, including their names, life cycle, characteristics. Children are welcome to share any good picture books or photos during our Show and Tell activity on Fridays.

### Mother's Day

**Our Mother's Day concert** is scheduled for **Friday, May 12 from 3:30 to 4:00 pm** and it will be held in the Church Hall (the building behind the church, next to the parking lot, entrance on Gray Ave). Please send your child wearing a festive outfit (no rain boots!) and make sure you have a family member attending. All the children will be dismissed after the concert.

### Reminders

- Please discourage your child from climbing on the big rocks by the school entrance and do not allow him to step into our small garden. It is important to teach young children to respect the environment, the other people's work and property.

### Important Dates

1. Mother's Day concert on Friday, May 12.
2. School closed for Victoria Day on Monday, May 22.

Sincerely,

**Ms. Farah, Ms. Serena, Ms. Shukria, and Ms. Lisa**
